Momentum

Start each battle with *Momentum* if your natural initiative roll is even.

When you make your first melee attack on your turn, if you have *Momentum*, roll an extra d20 and choose the result you prefer.

Epic Feat: Target is one or two enemies.

Level 1 — Carve an Opening — At-will

Hit: Crit range expands by 1 (cumulative). Crit range resets after successful critical hit and at the end of the battle.

Adventurer Feat: Once per battle, expand crit range by 1 when you miss with *carve an opening.*

Champion Feat: Expand crit range on hit by 2 instead.

Level 1 — Grit & Scrap — 1/battle

Gain +2 to all defenses until end of your next turn, and temporary hp equal to your level plus the escalation die.

Adventurer Feat: Do not spend if first use misses.

Champion Feat: Gain additional use if you have Skulls.

Level 1 — Escalation Strike — 2/battle

Hit: Add +2 to damage per point on the escalation die (add +3 at 3rd level, +4 at 5th, +6 at 7th, or +8 at 9th instead).

Adventurer Feat: Use the following bonuses instead: +3 at 1st & 2nd level, +4 at 3rd, +5 at 4th, +6 at 5th, +7 at 6th, +8 at 7th, +10 at 8th, +12 at 9th, and +15 at 10th.

Level 1 — Melee Footwork — At-will

Attack gains bonus equal to number of enemies engaged with. **Hit:** Cannot use *melee footwork* as your next standard action attack. **Miss:** No damage.

Adventurer Feat: On a hit, you or an ally can disengage as a free action from the enemies you are engaged with.

Level 3 — Battle Drill — 1/arc

Cannot use Cleave the same turn as battle drill. **Hit:** Make a no-trigger bonus attack. As long as bonus attack hits with natural even roll, keep making bonus attacks, up to a number of times equal to the highest mental ability modifier.

Adventurer Feat: If original attack misses, you can use *battle drill* again later this battle.

Epic Feat: Usage becomes 2/arc.

Level 3 — Combat Surge — 1/battle

Hit: Do not lose Momentum before start of your next turn, unless you are hit twice or reduced to 0 hp.

Level 3 — Grim Intent — 1/battle

Champion Feat: Usage becomes 2/battle.

Epic Feat: Target up to 4 enemies with one attack each.
