DARKE AND STORMY NIGHTS

Nutshell

As a winter storm batters the great manor of Stormgate, two wealthy dynastic American families seek to control the fortunes of the coastal town of Storm Cove...unaware that a great supernatural evil is about to awaken.

One-Shot Session

- This is the first episode of the soap opera *Darke and Stormy Nights*, which mixes melodrama with supernatural horror: a story arc might include ghosts, lycanthropy, evil cults, forbidden science, and the undead.
- Ezekiel Storm, the family's patriarch, has died. Players decide whether the Storm's ancestral manor house and fortune are still in legal limbo, or whether a player character inherited them.

The Three Families

- **The Storms** are the descendants of Storm Cove's founders and still its most influential family. **Its members have Old Testament names** such as Cain, David, Ezra, Joshua, Micah, Deborah, Esther, Sheba, and Rebecca.
- **The Darkes** are the Storms' perpetual rivals, an aristocratic family currently down on its luck. **Its members have New Testament names** such as James, Luke, Matthew, Peter, Titus, Magdalene, Priscilla, and Tabitha.
- **The Nights** are the respectable modern descendants of Ulysses Night, an infamous pirate. **Members of the Night family are named for Greek heroes**, such as Achilles, Jason, Perseus, Helena, Persephone, and Cassandra.

Other characters in the show have modern names.

The Curse

The Curse is the main source of plot complications in *Darke and Stormy Nights*. It is a magnet that draws dangerous people and supernatural evil to Storm Cove.

The Storms and the Darkes brought the Curse upon themselves in 1775, when Zephaniah Storm killed his best friend Silas Darke in a duel.

The Curse is actively malignant and sadistic: it toys with the Darkes and Storms without ever completely destroying them. It can be temporarily defeated, but never completely destroyed.

DARKE AND STORMY NIGHTS

MY NAME IS:

I AM:

MORE THAN ANYTHING, I WANT:

INSIDE, I'M TORN BETWEEN TWO
CONFLICTING THINGS:

EARN DRAMA TOKENS WHEN:

- You grant another character's petition for an emotional concession
- Your own petition is refused

USE DRAMA TOKENS TO:

- Duck out of a scene
- Join a scene the caller doesn't want you in
- Force a concession (2 tokens)
- Cancel a Force (3 tokens)
- Contribute to a Force, if your character is present and helping

CHARACTER	RELATIONSHIP	WHAT I WANT FROM THEM	WHAT THEY WANT FROM ME	WHY I WITHHOLD IT

DARKE AND STORMY NIGHTS

Episode Themes:

- **Master of the House:** When the family's money and prestige are up for grabs, how far will you go?
- **Secrets and Lies:** What would you do to keep a horrible truth from coming to light?
- **Science and Superstition:** Can the supernatural world be tamed by science? What happens when we play God?
- **Leave the Past Buried:** Are there some secrets that are best left alone, or can history be used as a weapon against the Curse?
- **Faith vs. Fear:** How does religious faith endure in the face of unmistakable supernatural presences?
- **Haunted by the Past:** Will a historical tragedy repeat itself?
- **Family Feud:** The rivalry between the Darkes and the Storms heats to a boiling point.

Locations:

Storm Cove—a coastal town in the northeastern United States

Stormgate—a Gothic manor filled with ghosts, secrets, hidden rooms, abandoned wings, and the occasional skeleton. The manor is precious to the Storm family, and to its enemies both natural and supernatural. Scenes here commonly take place in:

- the great gallery
- the library
- the ballroom
- Ezekiel's study
- the family crypt

Darke Hall—the ill-tended ancestral home of the Darke family.

Night Island—Local legend says Ulysses Night buried a fortune in treasure here in the 1700s, before his ship was sunk by Captain Silas Darke.
